THE REJECTED TREATY

The Senate has returned to President Wilson the Versailles treaty, in which was incorporated the covenant of the League of Nations. Just what he will do with it has not been stated, but it is evident that so far as the present session of the Senate is concerned, it is a dead issue. The covenant will go into the coming presidential campaign, and through this means the people will be able to learn a great deal more about this instrument than was possible, even while it was under debate in the Senate. That it will be thoroughly dissected seems certain at this time, and when election day comes around next November voters should be well posted on its every feature. As President Wilson has expressed a desire that it go to a "solemn referendum" of the people, there is no doubt now about having his wish gratified. The verdict of the American people will not only be accepted by America, but by the nations of the world.

When asked what kind of advertising is most fruitful, Van Camp, the baked bean man, said he could not tell, but what he did know was that when he advertised he got business, and when he didn't advertise he didn't get it, and he proposed to keep on advertising.

OFFERS TO RENT HOTEL FOR WORKMEN

The Irondale Hotel, in Donora, with 27 rooms, dining room, office, barroom and basement, has been offered by the owner Dr. O. S. Kelly, as a renting proposition to any one wishing to enter that business. The hotel was recently sold by W. B. Risbeck to Dr. Kelly, and he is offering to let it to some one who might wish to take a chance in the hotel business. Donora is greatly in need of hotel and rooming accommodations, and the hotel may again be opened to the public.

OLD RETAINING WALL GIVES WAY

The stone retaining wall along the North side of Market street in Brownsville, going up the hill, which was built as a part of the National Pike nearly one hundred years ago, gave way for some twenty feet near the municipal fire headquarters early last Sunday evening, leaving a great opening in the wall and greatly endangering people passing that point. At the time of the accident the traffic was light and there were no accidents. This wall has been weak for some time, and for a number of months last year street cars were not permitted to pass that point At the time of the accident the traffic was light, and there were no accidents. This wall has been weak for some time, and for a number of months last year street cars were not permitted to pass that point for fear the vibration might cause some accident. Now that the wall has given way it will be up to some one to repair it, and likely efforts will be made to have the state take care of the work.

Sarcophagus of Napoleon Paris

In 1841, twenty years after Napoleon's death, his remains were brought to Paris and placed in the sarcophagus shown in the illustration. The sarcophagus is made of red Finland quartzite and is thirteen feet long, six and one-half feet wide, fourteen and one-half feet high. It was designed by M. Montferrand and cost $30,000.00.

We erect modern tombs at a moderate cost and offer a wide range of designs, or will make a special design to your order. Our service is superior to any other to be found in this part of the country

QUARANTINE VIOLATOR IS HEAVILY FINED

Breaking quarantine is not only a violation af law that is punished in Charleroi when the culprit is found, but also in other communities where the authorities are made aware of such disrepect. Before an alderman in Uniontown a few days ago, M. Schneidman, of New York, who openly disregarded a scarlet fever sign, established by the Uniontown board of health, was fined $25, with the alternative of spending thirty days in jail. A special officer who had been placed at a home to see that no ingress or egress was made, due to a former violation of contagious signs, saw Schneidman enter the place and he made an immediate information against the violator.

DRILLING ACTIVE IN SNAKE HOLLOW FIELD

Drilling has become quite active again in the Snake Hollow gas field, near McKeesport, and with the continuation of good weather it is expected there will be several wells reporting every day. On Thursday five wells came in with a good showing for large gas productions, while four others failed to show anything in the Speechley sand.

HOMESTEAD TEACHERS REFUSED AN ADVANCE

Teachers of the borough of Homestead have asked for a flat increase of $25 a month in order to meet the increased cost of living. The board, on the ground that no further burden can be imposed on the taxpayer, has refused the request, and teachers are now starting a campaign to agitate the citizens of the community upon the needs of higher salaries for instructors.

RHEUMATISM OF THE WORST KIND POSITIVELY RELIEVED

Money Back If It Fails

No matter how chronic, acute or long standing your Rheumatism, Neuritis, Lumbago, Eczema or Skin Eruptions may be, here at last is positive relief. If it fails, you will not lose a penny, for we will refund your money without question.

Read this remarkable case: "It is with great pleasure that I am writing you of the wonderful merits of SULFLUID for Neuritis. My wife has been a terrible sufferer for three years from this disease and could not walk without the use of braces. Her joints were swelled to twice their normal size. Her pains were agonizing. For two years she was helpless. After using SULFLUID, you can imagine my surprise last evening when she walked from her chamber to the parlor in her stocking feet, the first time in three years she has been able to bear weight on her feet without the use of braces. Thinking this would please you, I am, respectfully, BENJ. F. WALKER, New York City."

SULFLUID is not a medicine. It is used as a bath and is exactly the same as you get in the famous Hot Sulphur Springs resorts. It is absolutely harmless. A complete treatment will drive all pain away. Try it. If it fails we will refund your money. Booklet on request.

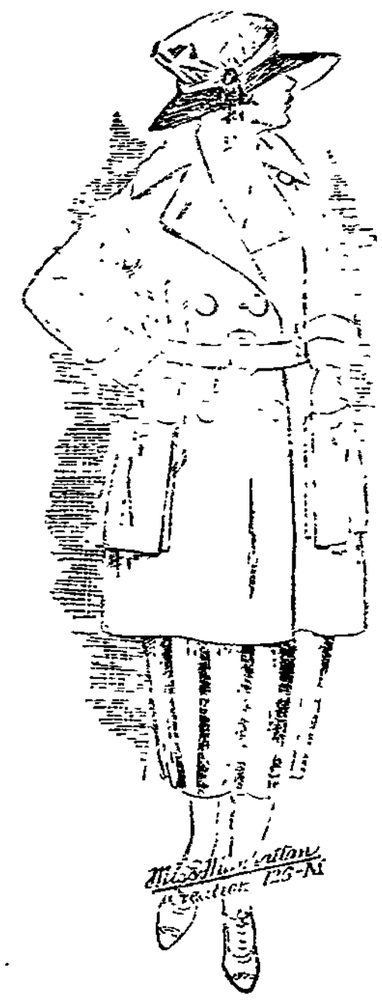
Quality goods at Value prices

You who are in the market for a coat, suit or dress should bring your needs to this store—not because we want you to—but because its to your own interest and advantage todo so.

Realizing that prices are high we have marked our garments much lower than the same character of merchandise is usually marked—we'd rather move the garments while the moving is good.

Some especially good coats and suits have been added to the line during the past few days. Best of all our garments are exclusive—in many instances just one of a garment is stocked:thereby giving our patrons that much wanted feature—individuality. All we ask isfor you to come in and compare our values.



Easter Blouses Ready

Yes—we are quite ready with a line that offers you wide variety of style and materials.

Big showing of the popular French voiles georgette crepe models in regular and extra sizes.

Our blouses are made right— for service and fit. The values are in keeping with this store's policy of "good goods at the right prices."

Come makeyour selections early while our showing ismost complete.

Spring Fashions in Boys' Suits

Just take a look at them!

Every one is made excellent. Many of the models are hand-tailored. The materials embrace a variety of tweeds, serges, mixtures in Norfolk. Box and Belted styles.

Berryman's Suits are the correct fashion clothes that are double worth in quality and value at $8.00

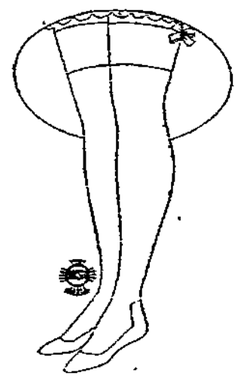
BOYS' WASH SUITS

Norfolk. Oliver Twist, Eton and Middy styles will be found in our selection of wash suits. All colors and sizes to select from at $2.00 and up.

A Real Hosiery Department

We carry all the real desirable weights and finishes in ladies, mens and children's hose. By placing our orders far ahead we have been enabled to keep our prices below the market.

You do well to anticipate your summer needs now as we cannot guarantee to maintain present prices. If you want extra good silk hose we have that kind at all prices. Our children's line will appeal to thrifty mothers.



Perfect Fitting Skirts

The separate skirt finds an important place in our dept. The latest models are assembled for your consideration. Scores of new creations now await you in plaids as well as plain fabrics.

The Success or Failure of Your Easter Outfit Depends Largely on Your Corset

We are exclusive agents for the three best corsets made—Gossard lace-front. W. B., and Nemo. With these three makes we can properly fit any and all figures—yours included. In order to do this we carry complete lines of all three makes. Our stock at this time contains practically all sizes in all models. Present prices of these Corsets cause them to be the best corset values in America.

Thousands of Yards of Beautiful Voiles

Last year we thought we had a regul[illegible] of voiles—at that we had the best line in Charleroi, Pa. This season's show[illegible] our last year's efforts—the pattern ideas are so appealing and t[illegible] creations are beautiful. When you come to see the line you'll have the same selecting advantages as can be had in the larger cities. Our prices arnge fro[illegible] 65c to $2.50 the yard, with hosts of good things at $1, $1.25 and $1.50 the yard.

PEARL MOSQUE WELL NAMED

Structure at Agra, India, Admittedly One of the Most Beautiful in the World.

Among the most beautiful of Shah Jahan's sculptured monuments is the Pearl mosque at Agra. The entrance gateway of red sandstone contrasts effectively with the interior of white and blue-veined marble. An inscription in letters of black marble states that this mosque may be likened to a precious pearl, for no other mosque is similarly lined with marble.

The Indian influence upon Mahometan architecture of this period is evidenced in the lotus petal cap decorating the domes and in the purely Hindu finials, legitimate Mahometan mosques bearing instead the simple spire, with the star and crescent. The foliated arches come from a Buddhist source, symbolizing the lotus-leaf shaped aura around the body of Gautama. The pointed upper foliation is derived from the shape of the leaf of the bodhi, or pipul tree, under which Gautama attained to enlightenment and Buddhahood, and is commonly used in Buddhist idolatry to indicate the nimbus around the head.

The master builders of Mogul days were chiefly Indians from Bengal, and since they were artists and artisans rather than mechanical workers much of the inspiration of the architecture of this period must be accredited to them.

GREAT WORK OF TEACHERS

Theodore Roosevelt's Tribute to Their Services to the Country Surely Well Deserved.

Moreover, as an incident to your teachers' avowed work, you render some well-nigh unbelievable services to the country. For instance, you render to this republic the prime, the vital service of amalgamating into one homogeneous body the children of those who are born here and of those who come here from so many different lands abroad. You furnish a common training and common ideals for the children of all the mixed peoples who are here being fused into one nationality. It is in no small degree due to you and to your efforts that we, of this great American republic, form one people instead of a group of jarring peoples. The children, wherever they have been born, wherever their parents have been born, who are educated in our schools side by side with one another, will inevitably grow up having that sense of mutual sympathy and mutual respect and understanding, which is absolutely indispensable for working out the problems that we as citizens have before us.—Theodore Roosevelt, in an address before the National Educational association at Ocean Grove, July 7, 1905.

Buffalo Roam in Australia.

When Australians refer to their empty north, they do not always recall the fine herds of buffalo which roam in the northern territory. The buffalo has prospered greatly since the first animals were imported, and his hide and horns offer a fairly easy source of revenue. In the hot, wide territory over which the "mud buffalo" roams, it is not feasible to use him as a new source of food supply, and attempts at yarding have shown that the buffalo is a true Australian, as he resents being driven and expresses this resentment vigorously. It is stated that the mud buffalo has four stomachs and does not chew the cud.

Kill Him.

"Where are you going?" asked the returned hero's mother as he strode toward the door, a vicious look on his face.

"To find the man who sent me this letter suggesting that I take a course in physical culture," was the savage response as the door slammed.—Home Sector.

Three Drop Corn Killer

"Gets-It" Stops Pain Immediately and Corns Go Quick.

The way to handle corns is the tried and proved "Gets-It" way—the way that millions have found quickest, easiest, safest and most reliable.

A few drops of "Gets-It" knocks the hurt out of any corn at once and soon loosens it so it lifts right off without any feeling. Oh, what comfort! How grand to walk and dance and jump without a single twinge! Why not? "Gets-It," the never failing, guaranteed money-back corn remover, costs but a trifle at any drug store. Mfd by E. The renewed determination of the President to stick to his league as originally submitted widens the gap between his own and the Bryan wing of the Democratic party. With the covenant, and particularly Article X, as a campaign issue the strife within the party will be further intensified as the time for election draws near.

Now that the treaty has been rejected by the Senate, what part will the President take in the deliberations of the council governing that body with reference to European questions? As we have declined to enter the League it looks as if we should keep out of all conferences in connection therewith.

Ernest O. Dorbritz of Charleroi of Charleroi a member of the Senior class of Washington and Jefferson College, has been named as a member of the Serenade committee for the commencement exercises, by President Elmer E. Carroll of the Senior Class.

GARDEN COMMITTEE IS NOW READY FOR SEASON'S ACTIVITIES

McCloskey Acres will Again Be Used for Small Garden Plots

MANY ARE ALREADY TAKEN

The garden season is with us once again, and the preliminary signs which precede these activities are already visible. The Charleroi garden committee has again secured the privilege of using the McCloskey Acres, formerly the Sphar farm, across Maple creek and just south of town, for the use of those who wish to swat the high cost of living by raising their own "garden 'sass," as well as other vegetables.

Mr. Darby has the allotment of the gardens in charge and will be pleased to meet with any of those who desire to continue the work of last year, and accommodate as many new applicants as possible. The number of plots that can be given out is limited and consequently those who desire to enter the garden-making army should make application as soon as possible.

The committee, however, makes one request from those who were garden holders last year, and that is, to have all bean poles removed and placed in neat piles, and the ground otherwise cleaned off wherever necessary, so that the plowing of the acres may go forward as rapidly as possible and without any unnecessary interference.

All privileges this year will be given with a proviso that should the property be sold all rights on the gardens will be at the option of the new owners. Of course this does not mean that the farm will be sold, but is only a precautionary measure taken by the owner to protect himself should any buyer appear who would wish to take immediate possession of the land.

Some gardens have already been allotted, and some preliminary work has already been done. With the continuation of fine weather this activity will become general, and within the next week or so it is hoped to have all the plots given out and the real work of garden-making under way.

FLOATING MACHINE SHOP DESTROYED

The Crucible Fuel company suffered several thousand dollars loss on Wednesday morning, when their floating machine shop burned to the water's edge. The boat was stationed at the Crucible plant at Crucible, at the time it caught fire. The origin of the fire was not learned. The steamer W. H. Clingerman of the Carnegie line, which was nearby at the time, saved the quarter boat and another boat which was apart of the floating docks of the Crucible Fuel company from burning by towing them from the machine shop.

Miss Marie Lures returned to her home in McKees Rocks on Thursday, after visiting in Charleroi the past week. She was accompanied home by her sister, Mrs. Paul J. Molle and daughtr Dona Marie, who will visit Mrs. Molle's parents, Mr. and Mrs. John Lutes, for a few days.

ATTEND CEREMONIAL OF WHITE SHRINE

Many Charleroi members of Monongahela Valley Shrine, No. 9, Order of the White Shrine of Jerusalem, attended a banquet and ceremonial of that order held in the State Armory at Monongahela, Thursday afternoon and evening. Visitors were present from all towns south of Monongahela, to Brownsville, as well as a number from the Youghiogheny valley. It is estimated that at least 500 members were present, and the ceremonial was one of the largest ever held by the local Shrine. Mrs. John D. Berryman holds the office of Herald, while Miss Thelma Duvall is standard bearer.

CHARGED WITH EVADING DRAFT

The government has not yet given up its hunt for "slackers," who escaped service during the war by taking up their residence in other countries in order to escape duty which was required of them. On Thursday Harold W. Neville aged 28, of Dawson, Fayette county, was arrested by the United States authorities, and in defaut of $2,000 bail was committed to the Allegheny county jail for a hearing beffore the United States Commissioner. The complaint was filed by R. B. Spencer, special agent of the Department of Justice, in charge of the Pittsburg district.

According to the government officers Neville left the United States for Canada a few days before the declaration of war with Germany, and returned home December 22, 1918. While in Canada, it is alleged he worked for a trapper in an isolated section and later went to Sudbury, where he secured a government position. Neville, member of a well known family of Fayette county, in a statement to Federal authorities, is said to have disclaimed any knowledge of responsibility under the draft.

FINAL BASKET BALL GAME OF THE SEASON

This evening at the high school gym the Charleroi High School Girls' basketball team will play the Ellsworth quintet of tossers, and a fast and exciting game is asured. This is the last game of the season and the local team is determined that it shall end with a decisive victory. The local team lost to the visitors early in the season and the C. H. S. girls figure that an overwhelming victory is necessary to even up their previous defeat, which they feel sure was due to the very low ceiling of the Ellsworth hall. Nevertheless they desire to have positive proof of the fact, and they will, therefore exert themselves to the utmost in order to win. The game will start promptly at 8 o'clock.

See Mr. John McFeeley

Of Charleroi. He is going to do some champion skating at Charleroi Skating Rink, Eighth and McKean, Thursday, Friday and Saturday night at 9 o'clock. 248t3p-*

May Build Big By-Product Plant near Donora Zinc Works

While there has been a great deal of discussion concerning the nature of new mills that may be added to the big plants already in operation in Donora, it is being hinted that the preparations now being made for the extension beyond the zinc works are for the building of an immense by-products plant. Much new material is being ordered for Donora, and it is expected that an official announcement of the planned extensions may be forthcoming soon.

The site suggested as the location for the by-products plant is on the river front of the old McIlvaine farm, which is now being filled in with cinder and slag from the mills. It is a splendid site, having a river frontage of several hundred yards, which would furnish amost desirable harbor for boats. In addition to the McIlvaine tract the corporation owns the old Beazell homestead as well as the former Judge Baird farm, both along the river, and both of which are being prepared as desirable sites for mill extensions.

Announcement of the beginning of work for the erection of the big 500-ton blast furnace, to adjoin the two already in commission, is expected almost any day, and once this new addition is under construction Donora is expected to take on another boom similar to the one which added so much wealth to that town in 1915, when the zinc plant was being built.

GERMAN PRIZE IS NOW A FERRY BOAT

A war prize, formerly the pride of the German navy, is now doing ferry duty on the Ohio river. The boat, received several days ago by rail at Neville Island, was launched on Thursday by the officers of the United States Ordinance Department, and will be used to ferry the employes from the Emsworth side of the river to the island where they are engaged in various duties.

The yacht is 35 feet long, nine feet wide, with a five foot draft, and is equipped with a highpower gas engine of the latest type. It is known as a military boat and has two decks, with a carrying capacity of 25 passengers. The lower deck is elaborately furnished and also contains sleeping berths. It formerly was one of the complements of a German vessel, which was seized during the war, the vessel being renamed the General Grant.

The boat is painted a steel gray and will be known as the Katydid. The boat made several trips on the Ohio on Thursday but on account of many shallow places no special tests were made.

NEW SCHEDULE IS ADOPTED FOR TEACHERS

The Jeannette school board at its meeting held Wednesday night, decided to pay teachers for the 12 months of the year, instead of for the school year of nine months, the salaries to be based on the rate paid previous to the recent flat advance of $20 per month to cover the present term. The 12-month plan will begin with the term opening next September and means a 33 1-3 per cent increase over the old rate.

Henry Roy Kegg.

Henry Roy, infant son of Roy and Margaret Carson Kegg, died at the home of his parents in Speers, Friday morning at 9 o'clock, aged ten months. Funeral Sunday afternoon at 2 o'clock, with interment in Maple creek cemetery.

Class Meeting.

The Frances Willard Class of the M. E. church will meet at the home of Mrs. W. H. Milliken, Washington avenue, Friday evening, March 26. All members are requested to be present. 248t2p*

PITTSBURGH MILK PRICE IS REDUCED

Beginning next month milk will cost the consumer in Pittsburg 9 cents a pint and 15 cents a quart, a reduction of one-half cent a pint and one cent a quart from the present rates, it was determined at the monthly meeting of producers and dealers at the Chamber of Commerce rooms in that city on Thursday.

On the basis of supply and demand during the summer months the dairyment accepted a reduction. It is not known what effect this will have on prices of milk in Charleroi. Dealers are still asking 18 cents a quart, which is two cents more than is being charged in Pittsburg at the present time. It is hoped, however, that local prices will show a tendency to drop within the very near future.

BIG PAY AT THE MILLS IN DONORA

It is said that more money was paid out at the Donora mills on Thursday than ever before in the history of the town. There have been larger pays in the aggregate, but deductions for Liberty bonds reduced the total amount of money paid to the employes. For real money in hand paid the pay of Thursday established a record, which will be broken, itis asserted on the next day day, which will occur on the 10th of April.

UNIONTOWN MAN IS A FRIEND TO MAN

The Uniontown Herald says it has heard of a man in that town who refused an offer of about twice as much for his houses as he is now receiving from his present tenants, and moreover, he refuses to raise the rent of those who are now occupying his premises, after the offer came. He certainly is a friend of mankind.

ASSOCIATED DOCTORS' OFFICES HAVE BEEN PERMANENTLY CLOSED

Fixtures Removed From Rooms And Placed In Local Storage

MANY PATIENTS ARE VICTIMS

Through the vigilance of the local health board and Health Officer Darby, the offices of the Associated Doctors, formerly located at 423 McKean avenue, in the Martucci building, have been permanently closed.

On Thursday a Mr. Shifer of Pittsburg, appeared at the offices, having a bill of sale for the office fixtures, signed by Dr. Marquard, of Chicago, reputed owner and took possession of them. He moved the goods to a local storage house for the present and vacated the rooms. The demands of the janitor, John Hornack, were satisfied, and so far as the business of the Associated Doctors in Charleroi is concerned, it is now at an end.

However, there may be some other developments as a result of the activities of these Doctors, who operated their local office without the services of a graduate physician or without having a state diploma. Thursday evening two former patients of these Doctors, who live on the hill district, appeared at the office for treatment, only to find it closed. One patient, a man, had paid the Doctors $135 00 in advance on the strength of a guarantee that they could cure him of some ailment. Hehad only recived a few treatments and when he found that the office had been closed he was greatly disturbed. The other patient was a woman who had paid $90.00 in advance and in return had received three treatments and $1.50 in cash. Wednesday evening it is said there were seven patients who called at the office, but who had to leave without receiving treatment, as the place had been closed.

It is intimated that suits may follow on the part of those who had paid money in advance, and who claim that the contracts had not been carried out. If such should be the case, and they secure judgement, a levy would likely be made on theproods which were in the office, and which are now in storage.

The Associated Doctors specialized in sulphur baths and electric treatment.

EXAMINE BRIDGE WORK AT DONORA

The county commissioners, accompanied by the county controller, were in Donora on Monday inspecting the work on the Donora-Webster river bridge, where a new floor is now being laid by the Faris Engineering company. The commissioners asked the contractors to speed up the work, in order that traffic might have the full benefit of the new improvement as soon as possible. The wood blocks for the floor are now being shipped in, and several cars of this material are already waiting in the railroad yards at Donora to be unloaded.

CHANGE CLUB NAME TO "NEMACOLIN"

Now it is the Nemacolin Country Club. Beallsville was abjected to as being too restricted, too local. So, at a meeting held Sunday afternoon at the club grounds near Beallsville, it was decided to adopt the name of the famous Indian chief, whose name has been given to quite a number of objects and institutions in the valley and adjacent hills and mountains of the Monongahela valley, where he hunted.

Visitors from Pittsburg at the meeting gave riseto the expectation that the Nemacolin Counry Club will becom a favorite week-end resort for residents of the Smoky City. It is thought that quite a number of memberships will besecured ther. It is planned to let the contract for the golf course and the club house at once and push work as rapidly as possible to completion.

In connection with the change in the name of the club there has arisen a debate as to the pronounciation of the name of the Indian chief. The common pronunciation is "Nem-a-col-in," without accent. It was suggested on Sunday that the correct pronunciation was "Nem-a-o-lin," with the accent on the second syllable. The subject will be diligently inquired into before the club members decided which pronunciation they will use.

COAL PRICES WILL LIKELY ADVANCE

Local coal conditions are expected to be radically changed on the first of April, when government price restrictions will cease. It is the opinion of operators that prices will reach approximately $4.00 a ton at the tipple, as thedemand is so great that there appears to be quite a contest on the part of consumers to secure a supply. One operator, who is interested in two small workings near Donora, said on Thursday that already he has had offers up to $3.75 per ton, with prospects of even better figures to be offered before the first of the month.

There have been nine murders committed in Washington county since the first of the present year, a record of which we have no reason to be proud.

LOCAL BUSINESS FIRM IS OF AGE

The firm of Kirk & Clark, drygoods dealers, of McKean avenue, is celebrating its 21st birthday anniversary. The firm began its business existence in Charleroi in the Charleroi hotel building, occupying the corner room which was later used as the bar room by the hotel; then it erected the building now occupied by the Woodward Furniture company, which it sold to that corporation and then moved to its present location. In the many years of its existence it has seen many changes in the borough, and has seen many ventures come and go. Mr. Clark, in charge of the local store, has a copy of the first handbill or advertising circular issued by the firm when it began its business venture here in 1899.
